LPC Annual Exhibition 28th September-12th October

After our long summer break it is exciting to be back with a mouth watering 2019/20 season ahead. Our programme secretary Barrie has put together a superbly balanced schedule of evenings covering many different genres of photography for us all to enjoy.

Our annual exhibition will be upon us sooner than you think. It will be exhibited in Lowestoft Library and run from the 28th of September until the 12th of October.

Each member may submit a maximum of 2 colour prints and 2 monochrome prints. The prints need to be mounted on board no larger than 500mm x 400mm

Members may also enter up to 4 Digital Projected Images (DPI) resized to 1920 x 1200 pixels.

The DPI images can be emailed directly to reederhowarth@aol.com or bought along on a USB stick with the prints to any of the first 4 club evenings.

Message from the Chairman

Welcome back to the new season after the summer break, the lovely sunny weather managed to escape us but did give us some very interesting cloudscapes. Now that September is here, it usually settles down for us.

The Lowestoft Image Project exhibition went very well and I thank you all for your help and hard work that made it a success, but don't forget that the project continues until the end of the year so don't put your cameras away just yet.

Best Wishes

John Burton

The Lowestoft Image Project Exhibition

The Lowestoft Image Project Exhibition took place over the August Bank holiday weekend. It was opened by Lowestoft Town Mayor Cllr Alice Taylor.

It was very appropriate that Alice opened the exhibition as she presented the idea for the project to the club last season. Alice was delighted to see the outcome of all our hard work, complimenting us on the very high standard of photography and hoped that the project would continue for years to come.

The exhibition was a great advert for the club and was very well received by all who visited.

Our new club programme was handed out to many visitors, hopefully leading to new members joining us this season.

The project is set to continue, so we are still looking for more new images taken in and around Lowestoft

Please email the pictures to

lowestoftimageproject@gmail.com

I would like to take this opportunity to thank everybody who contributed towards the project. We can be very proud of what we have achieved.

Rob Howarth

COMING UP THIS MONTH

4th September

The season starts with the Committee entertaining the rest of the club including demonstrations on resizing images for competitions, print mounting, record photography, composition and the new club website.

11th September
